Program Description

Residential Substance Abuse Treatment Program

Introduction

The Residential Substance Abuse Treatment Formula Grant Program (RSAT) assists states and local governments in developing and implementing substance abuse treatment programs in state and local correctional and detention facilities. The RSAT Program also assists local governments in creating and maintaining community-based aftercare services for offenders.

Program Requirements

Residential Substance Abuse Treatment Formula Grant funds may be used to implement three types of programs.

1. Residential Substance Abuse Treatment

Residential substance abuse treatment programs provide individual and group treatment activities for offenders in residential facilities that are operated by state and local correctional agencies. These programs must (as required by 42 U.S.C. 3796ff):

- Last between 6 and 12 months
- Be provided in residential treatment facilities set apart from the general correctional population. Set apart means a completely separate facility or a dedicated housing unit within a facility exclusively for use by program participants.
- Focus on the substance abuse problems of the inmate.
- Develop the inmate's cognitive, behavioral, social, vocational, and other skills to solve the substance and related problems
- Implement or continue to require urinalysis and/or other proven reliable forms of drug and alcohol testing for those enrolled in the residential substance abuse treatment program and post program while they remain in the custody of the state and local government.

Preferably, participation in the residential program should be limited to inmates who have 6 to 12 months remaining in their term of confinement so that they can be released from prison after completing the treatment program, rather than returning to the general prison population.

2. Jail-Based Treatment Programs

Jail-based substance abuse programs provide individual and group treatment activities for offenders in jails and local correctional facilities. These programs must:

- Last at least 3 months
- Make every effort to set apart the treatment population from the general correctional population
- Focus on the substance abuse problems of the inmate.
- Develop the inmate's cognitive, behavioral, social, vocational, and other skills to solve the substance and related problems.
- Be science-based and effective

3. Aftercare

States are required to give preference to subgrant applicants who will provide aftercare services to program participants. Aftercare services must involve coordination between the correctional treatment program and

other human service and rehabilitation programs, such as education and job training, parole supervision, halfway houses, self-help, and peer group programs that may aid in rehabilitation.

A state may use amounts received for aftercare if the chief executive officer of the state certifies that the state is providing, and will continue to provide, an adequate level of residential treatment services. To qualify as an aftercare program, the head of the substance abuse treatment program must work in conjunction with state and local authorities and organizations involved in substance abuse treatment to assist in the placement of program participants into community substance abuse treatment facilities upon release.

Treatment After Release

A state may use amounts received for the purpose of providing treatment to offenders for a period not to exceed one year after release. Up to 10% of the total award may be used for treatment of parolees.

Definitions and Acronyms

Applicant Agency- The organization that has the authority to legally bind the agency in a contract. For an agency within a city government system (i.e. Police Department), the **city** is the applicant agency. For an agency within a county government system (i.e. Sheriff's Department, Prosecuting Attorney's Office), the **county** is the applicant agency. For an agency within a judicial circuit (i.e. Circuit Court, Juvenile Office), the **county** that provides fiscal management is the applicant agency.

Direct result is defined as a specific act or set of activities that are directly attributable to grant funds and which are directly related to the goals and objectives of the project. Program Income can only be used for allowable program expenses.

Subgrantee - The recipient of a *Byrne Grant* contract or award.

Match Requirements

The federal share may not exceed 75% of the project's total cost. The 25% matching funds may be in the form of cash or in-kind contributions.

Match for the RSAT award program is to be provided for on a project-to-project basis. Funds provided for a match must be in addition to and therefore supplement funds that would otherwise be made available for the stated program purpose. Match is restricted to the same use of funds as allowed for the Federal funds.

Types of Match

1. Cash Match (hard) includes cash spent for project-related costs. Allowable cash match must include those costs which are allowable with Federal funds with the exception of the acquisition of land, when applicable.
2. In-kind (soft) includes, but is not limited to, the valuation of in-kinds services. "In-kind" is the value of something received or provided that does not have a cost associated with it. For example, if in-kind match is permitted by law (other than cash payments), then the value of donated services could be used to comply with the match requirement. Also, third party in-kind contributions may count toward satisfying match requirements provided the grantee receiving the contributions expend them as allowable costs (see 28 CFR Part 66.24, Grants Management Common Rule for State and Local Units of Governments).

Examples of Acceptable Local Match Share:

1. **Funds** that are newly appropriated for the express purpose of matching the federal RSAT contract.
2. Funds Contributed from corporations, citizen/community organizations or private sources.
3. State and local units of government may use as match, **cash** that was received from a federal government agency under the Equitable Sharing Program (**For record purposes, the Department of Public Safety recommends that the recipient agency obtain a letter from the federal agency stating that the funds were transferred for the purpose of matching federal contracts for law enforcement**).

Examples of Unacceptable Match:

1. **Indirect costs cannot** be used as match. For example, a pro-ration of an officer's supervisor's time or charge for payroll-related services will not be allowed.
2. Funds that represent part of the **existing** budget **cannot** be used as match.
3. Project Income **cannot** be used as match.

Non-Supplantation

Federal funds must be used to supplement existing funds for program activities and may not replace (supplant) nonfederal funds that have been appropriated for the same purpose. Potential supplanting will be the subject of monitoring and audits. Violations can result in a range of penalties, including suspension of future RSAT funds, suspension or debarment from federal grants, recoupment of monies provided under this grant, and civil and/or criminal penalties.

Shifting funds within an agency's budget with the express intent of using such funds as matching funds shall be considered supplanting.

Eligible Applicants

Grants may be awarded to state agencies and units of local government.

Contract Period

The contract period for approved projects is July 1, 2004 through June 30, 2004.

Application Procedure

The Department of Public Safety may follow the procedures established by the Department of Public Safety, Office of the Director, for all federal funding programs administered by the Department of Public Safety, Office of the Director or the procedures established in Chapter 34, RSMo concerning the filing of applications for assistance by public agencies.

All applications must be postmarked by April 16, 2004.

The applicant shall submit all data required by this application document. **Failure to submit all required data could disqualify the proposal from further consideration.**

Funding decisions will be made by July 2004.

APPLICATION REVIEW PROCESS

A review panel will evaluate the applications received by the deadline for funding. Any person serving on the review panel cannot have a financial interest in the funding being considered. In evaluating each application, the review panel will be asked to consider the following factors:

- ◆ Adequate correlation between the cost of the project and the objective(s) to be achieved;
- ◆ Probability of project to meet identified goal(s) and objectives;
- ◆ Overall description of the intended use of the grant and local match fund;
- ◆ Demonstration that RSAT funds will not be used to supplant state and local funds;
- ◆ Degree of cooperation between local officials, community groups, and citizens to establish and fulfill goals for the overall success of the project;
- ◆ Demonstration that the Applicant Agency has met the local match requirements and has identified the source of the local match;
- ◆ Demonstration that the Applicant Agency has met and will continue to comply with all applicable state and federal laws and guidelines;
- ◆ Overall quality of the application.

The Department of Public Safety is required by law to make award decisions based on competitive bid process. With the approval of the Director of the Department of Public Safety, applicants will be notified of the decisions made by the review panel. Applicants who do not receive funding will be provided with the rationale behind the panel's decisions.

Monitoring

The Department of Public Safety, Office of the Director, will monitor all contracts to insure appropriate fiscal and program records are being maintained. The contractor may be required to submit such monitoring

Grant Application Instructions

All portions of the ***RSAT Formula Grant Application*** shall be completed and submitted for funding consideration. The *RSAT* Grant Application forms and narrative must be typewritten. Please staple, do not bind, the original application and four copies in the upper left hand corner of the packet.

APPLICATION SUMMARY REPORT FORM:

Provide the requested information on this form. Provide a brief summary of the proposed project, do not refer us to the narrative section of the application, this information is used to develop the evaluation plans for the progress reports you are required to submit to us should you receive funding.

APPLICATION FOR FUNDING FORM:

Complete the APPLICATION FOR FUNDING form using the instruction page included in the *Application Forms* section of this application.

BUDGET FORMS:

Included in this application packet are budget forms for PERSONNEL, PERSONNEL-OVERTIME, TRAVEL, EQUIPMENT, SUPPLIES/OPERATIONS and CONTRACTUAL categories (RENOVATION/CONSTRUCTION are ineligible costs for *RSAT Grant* funding, therefore these budget pages have not been included in this application packet. Leave those sections blank on the *APPLICATION FOR FUNDING* form). Submit only the appropriate budget forms for which you are seeking funding. Provide a complete breakdown of the budget for implementation and operation of the proposed project on the appropriate budget forms. Instructions for completing the budget forms are printed at the top of each form. Please be sure to follow these instructions precisely.

Refer to the ***Program Description*** and ***Financial and Administrative Guidelines for Contracts*** for information on the use of funds. The total project cost of each budget form must be transferred to the *APPLICATION FOR FUNDING* form. The Federal and local match share amounts on the budget forms must equal the 75% Federal Match and 25% Local Match Share amounts on the *APPLICATION FOR FUNDING* form. Submit the completed budget forms with the application. If you are not requesting funding on a particular budget form, you do not need to include that form with the application. Show "\$0" for that budget category on the *Application For Funding Form*.

PERSONNEL INFORMATION FORM:

Submit this form when submitting the PERSONNEL budget form. Only individuals funded through the grant can be listed on this form. The job responsibility should explain what this person will be doing on the grant program. If personnel are not funded 100% on the grant, time accounting must be kept to track % of time on grant. If you are requesting a new position in the grant, submit the PERSONNEL INFORMATION form with whatever information can be provided at the time. If a contract is awarded, submit the updated form to our office once the individual is hired so that it can be placed in the original file.

NARRATIVE WORK PROGRAM:

Provide a complete ***Narrative Work Program*** for the proposed project to explain, in detail, the need for the funding, the intended use of the funding, and the anticipated results of the program. On plain white paper, identify each of the specific sections of the ***Narrative Work Program*** outline. **Please be sure to follow this outline and to include all**

of the information requested. *Do not use pitch smaller than 12. The Narrative Work Program should not be more than 12-14 pages overall.*

A. Brief History of the Program Project Agency – Provide a brief history of the Project Agency including a description of any existing programs. Explain how the proposed program will coordinate existing programs in your department. *Limit to one page*

B. Statement of the Problem – This section must address the need for grant funds and the proposed project. Define the problem that you will be attempting to impact with the project for which you are requesting funds. Be Specific. Do not include every issue the Project Agency addresses, but only the one(s) that will be impacted by the use of the **RSAT** funds being requested. Since you are competing with other agencies for limited funds, you should document as extensively and as factually as possible the definition of the problem. Include facts and statistics on incidents of crime, existing resources, demographic and geographic specifications, etc. *Limit to two pages*

C. Goals and Objectives – Explain your expectations (goals and objectives) for the proposed program. Goals are the program's desired results. The goals should be clearly stated, realistic and achievable, even if they are not readily measurable. The objectives are the intermediate results or accomplishments to be achieved by the program pursuing its goals. The objectives must be both measurable and achievable. They should express the extent to which you expect to alleviate the problem defined in the Statement of the Problem. **Be specific to this project.** Do not include the overall goals of the Project Agency. *Limit to two pages*

D. Methodology – This section must address the intended use of the grant and local match funds. Following the outline shown below, give specific details concerning the organization, administration, and implementation of the project. Again, **be specific to the project**, not to the overall operation of the Project Agency. The following items must be addressed in this section:

1. Type of Program – Specifically outline the services to be provided by this project. Give as much detail as possible about your proposed project. Flow charts and chronological outlines are great, but must be supported by additional narrative description. *At least one page*

2. Proposed Service Area – State the geographic area to be served by this project.

3. Project Implementation – Explain the actual steps the Project Agency will take to use the resources requested in your application to implement the program. Define what services will be provided, who will provide these services, how they will be provided and who will benefit from the services your program will provide. *No more than one page*

4. Budget Justification – Justify the need for all items listed in the budget for which **RSAT or local match funds** will be used. Each individual budget item shall be justified. Do not just list the items requested for funding – justification of each budget item must be included in the justification for consideration of funding. For personnel, you must also indicate if the position is an existing or new position. If the position currently exists, indicate how the position has been funded in the past. If a salary increase is included, provide the % of increase and the date the increase will occur.

Project cost that is currently paid by the Applicant Agency may be subject to the rules of supplanting and unallowable. *No more than two pages*

5. Supplanting – Address the issue of supplanting. If the proposal includes existing costs, explain how Federal funds will not be used to supplant (replace) the existing cost covered by State or local match share funds. Federal and local funds shall be used to **supplement** existing funds for program

activities and not replace those funds that have been appropriated for the same purposes. **No more than one page**

6. Community Impact - Describe how your proposed project will affect the communities that your program will serve. Describe how your program will affect crime-related issues concerning public safety and the community(s) this project serves. **No more than one page**

E. Cost Assumption – Describe how the Project Agency plans to continue the activities of this project if **RSAT** funds would no longer be available to the Project Agency. If this proposed project is important enough to receive Federal-funding assistance it should be important enough to be assumed by the Applicant Agency(s) once eligibility is over. What proactive steps are being taken to absorb the project cost into the applicant agencies future budget? BE SPECIFIC. **Limit to one page or less**

F. Evaluation Procedure – Describe the process to be used to determine the effectiveness of your program such as arrest rates, surveys, rates of recidivism, client satisfaction evaluations, prosecution rates, pre and post testing, etc. Also include a description of the data to be collected as outlined in the program description. **Limit to one page or less.**

G. Report of Success – Restate the goals and objectives from your current contract. Provide information regarding whether or not each goal and its objective(s) have been attained to date. Attach any reports, surveys, or other measurement tools that support the success of your project. **Note: This component is applicable only to those proposals seeking continuation of a project already supported with RSAT Program funds.**

Financial and Administrative Guidelines for Contracts

I. AWARD AND ACCEPTANCE OF CONTRACT

A. Award of Contract

After completion of the review process, contract applications designated for approval are formally awarded by the Missouri Department of Public Safety in the form of the *Award of Contract* document (**APPENDIX A**). This award identifies the Missouri Department of Public Safety (Administrative Agency), the Applicant Agency (Contractor), the Contract Period, amount of federal funds, and the Contract Number. As appropriate, Special Conditions are included which the Contractor shall meet if the award is accepted. All correspondence concerning the award shall refer to the designated Contract Number shown on the *Award of Contract* document.

B. Acceptance of Award

The *Award of Contract* constitutes a contractual agreement between the Missouri Department of Public Safety and the Contractor for use of federal funds in the implementation of the project covered by the award as outlined on the Application for Funding form and in the Narrative Work Program. This contractual agreement may be terminated without further cause if the Contractor fails to affirm its acceptance of the award by signing and returning the *Award of Contract* to the Missouri Department of Public Safety **WITHIN 45 DAYS** from the date of award. No federal funds shall be disbursed to the Contractor until the signed acceptance has been received by the Missouri Department of Public Safety.

C. Cancellation Conditions

If a project is not operational within **60 DAYS** of the contract starting date, the Contractor shall report by letter to the Missouri Department of Public Safety the steps taken to initiate the project, the reasons for delay, and the expected starting date. If a project is not operational within **90 DAYS** of the contract starting date, the Contractor shall submit a second statement to the Missouri Department of Public Safety explaining the implementation delay. Upon receipt of the 90-day letter, the Missouri Department of Public Safety may decide to continue the contract or cancel the project.

II. PAYMENT AND REPORTING OF FUNDS

Contractors will be required to verify, on a monthly basis, actual cash expenditures and request reimbursement for it. The *Monthly Report of Expenditures and Request for Reimbursement* (**APPENDIX B**) is mailed to the Contractor on a monthly basis with the due date being the tenth (10th) day of each month. The *Monthly Report of Expenditures and Request for Reimbursement* is used by the Missouri Department of Public Safety to process checks sent out to the Contractor for reimbursement of expenditures. Failure to submit the required report on a monthly basis, by the due date, will result in delay of re-imbursement or can result in cancellation of the contract.

B. Obligated Funds

Funds are considered obligated by a Contractor when a legal liability to pay determinable sums for services or goods is incurred, which will require payment during the same or future period. When a purchase order is issued, funds are

considered obligated. All funds shall be obligated by the contract period ending date. Any funds not properly obligated within the contract period will lapse and revert to the Missouri Department of Public Safety. Travel

Expenses will only be allowed for events, training, and other activities held during the time period of the contract. Funds cannot be obligated for an activity that will take place outside of the contract period.

C. Expended Funds

Funds are considered to be expended when payment is made. Funds which have been properly obligated by the end of the contract period will have **90 days** in which to be expended. Any funds not expended at the end of that 90-day period will lapse and revert to the Missouri Department of Public Safety.
